

CUP OF COFFEE

CHORUS

Well if you don't have time for a cup of coffee
Then you don't have time to live.
Not even time for a sip of coffee,
Something in your life,
something has got to give.

So many people racing round.
Seem to hardly touch the ground.
Running to and fro
To God knows where.

Just like rabbits on the hop.
Never knowing when to stop.
Just don't have the time
To stand and stare.

CHORUS

BRIDGE

So just relax, ease it up.
Take your coat off, have a cup
Here's a lovely brew.
I've made for you.

CHORUS

*Black or white...?
With sugar...?
Come on, enjoy the flavour...
Tastes really good!*
